What is WCA's Vision for Foreign **LANGUAGE?**

The philosophy of the Foreign Language Department is based on the understanding that the knowledge of God is the beginning of wisdom, and that truth can only be understood through a relationship with Jesus Christ as the Creator and Sustainer of the world around us. We study Ancient and Modern languages through the lens of our Christian Faith.

We teach ancient Latin so that Upper School students may access original texts of history, science, math, music, arts, and our faith. Knowledge and exposure to languages of other times and cultures, are taught through a Biblical Worldview. In the future we plan to offer Greek and Hebrew as well.

We teach Spanish as an elective to our high school students so that they will be equipped to fulfill God's calling on their lives. Through teaching modern languages students will build on the foundation of Latin, so that they can understand the art, music and culture of other nations. In the future we hope to add French and German as well.

We teach with Biblical Worldview so that students are prepared to go into the World to make disciples of men.

Our Goal is to teach students the grammar, pronunciation, history, culture and of ancient and modern languages.
